Broadband Access

Equity

Disaster Management

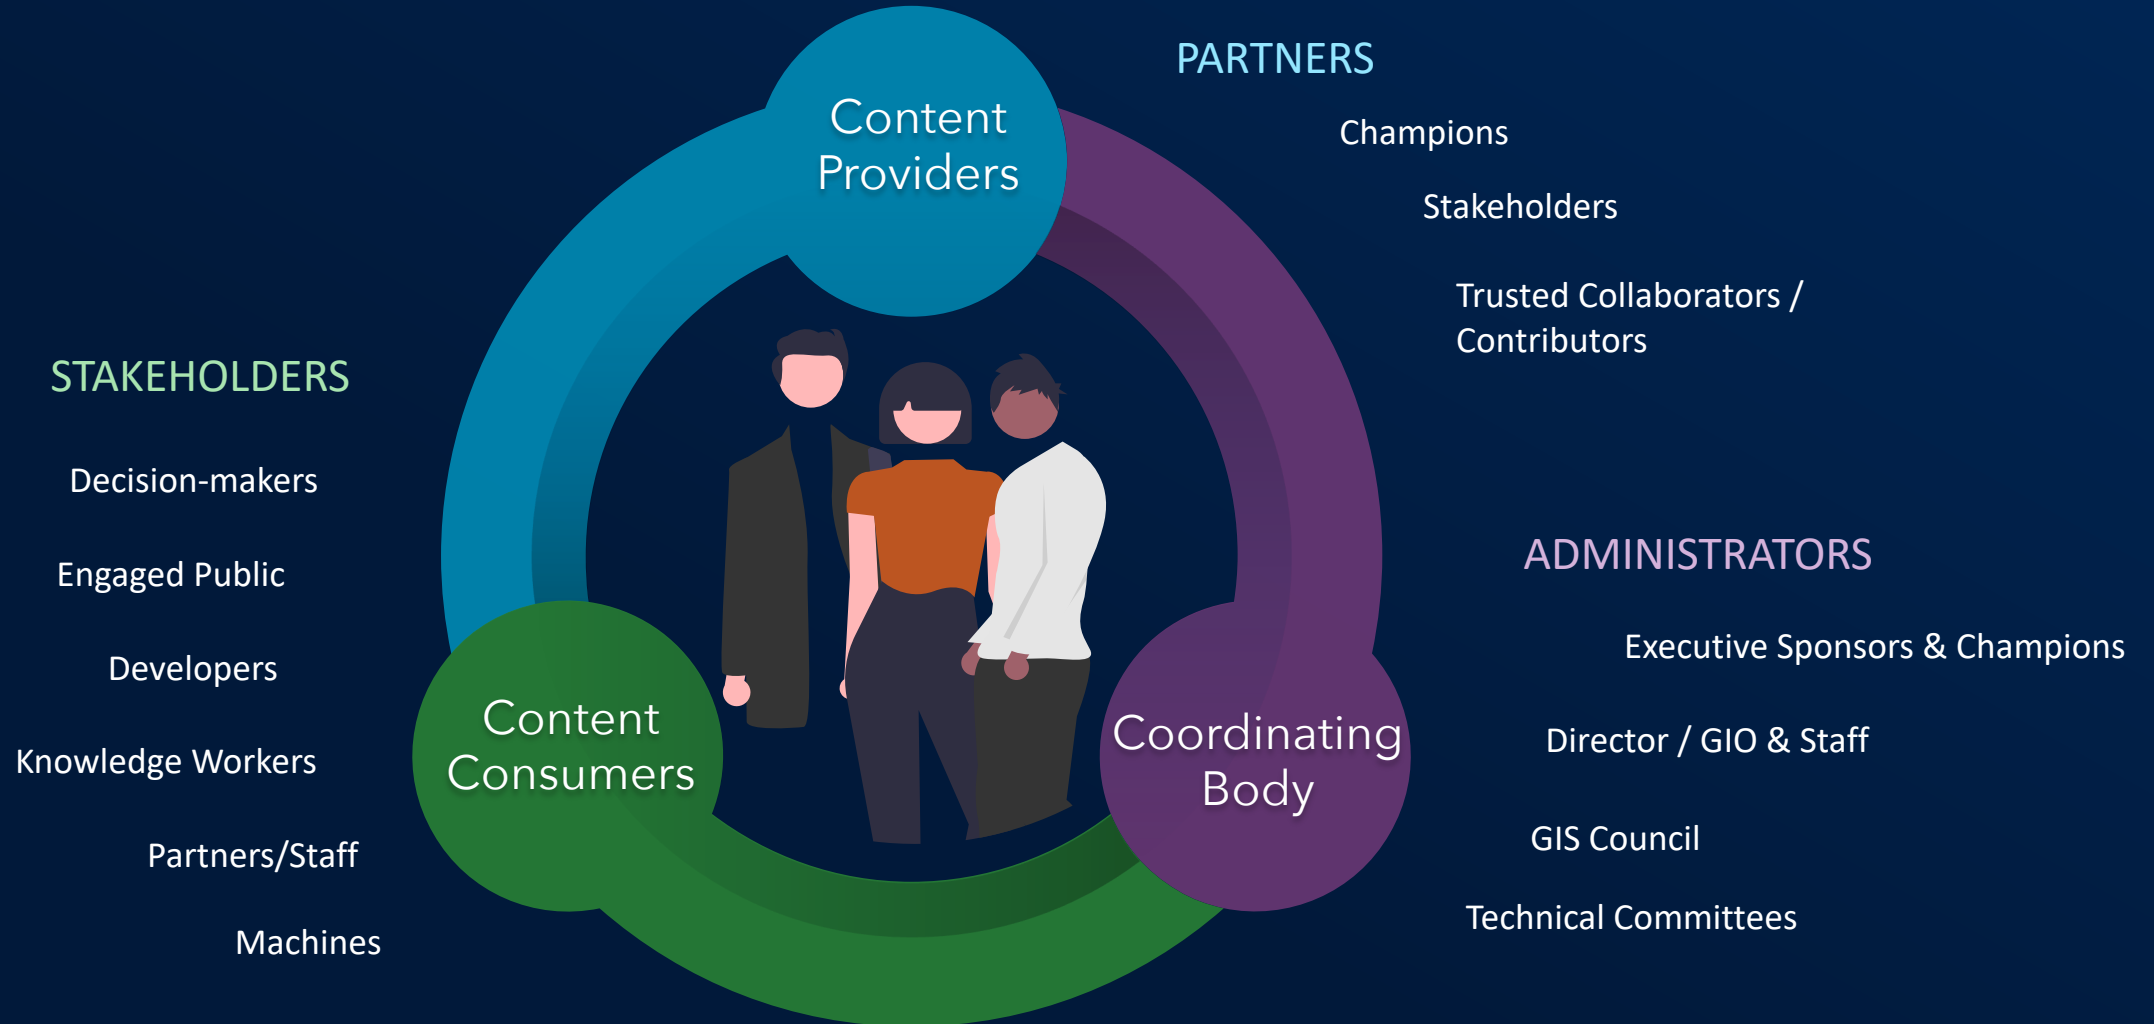

Infrastructure

Mobility

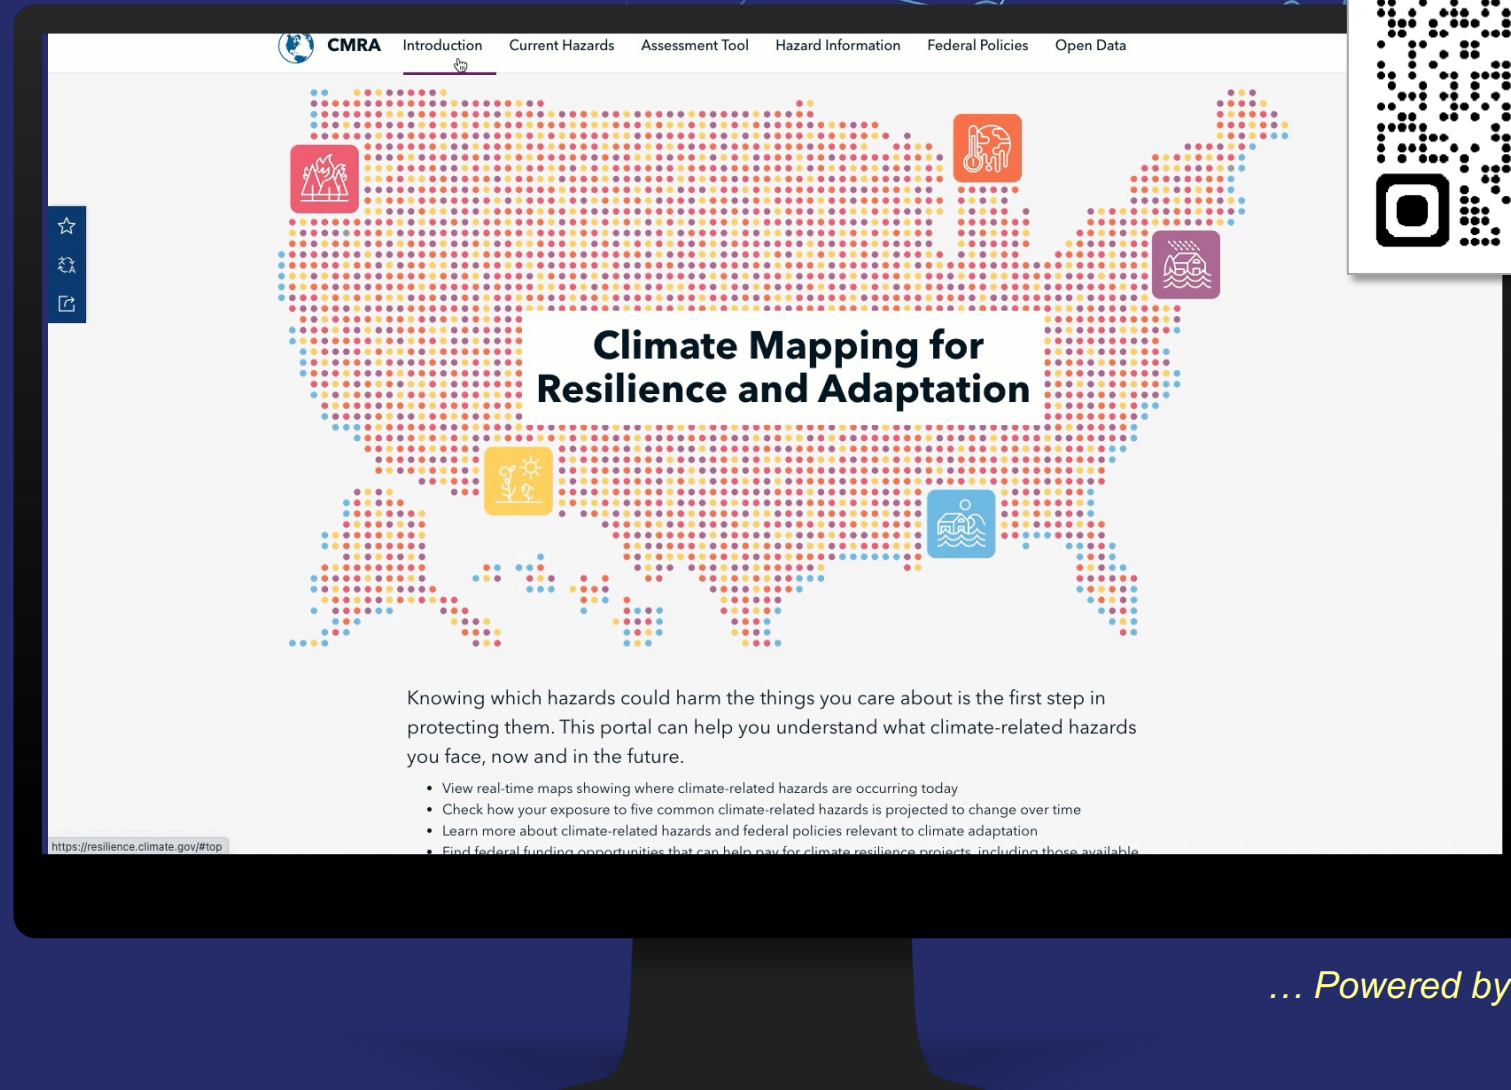

Biodiversity

...Enabled by an integrated geospatial infrastructure

Community of Practice

Acting with urgency ...

... Powered by decision-ready data.

“More than ever, we need your authoritative data
to help address climate resilience ...
the stakes couldn't be higher.”

— Kim Valentine. GIO
National Oceanic and Atmospheric Administration (NOAA)

How do I get started?

Implementation Resources

Collection

Essential Guides for 'OneMap' Administrators

Good practices and implementation resources for implementing integrated geospatial infrastructure/modern SDI with ArcGIS.

1 Connecting Communities with ArcGIS

2 Configure ArcGIS Online: 'OneMap' Good Practices

3 Configure ArcGIS Hub: 'OneMap' Good Practices

4 Good Practices for Authoritative Data Providers

5 Share & Collaborate: 'OneMap' Good Practices

6 'OneMap' Hub Template: How-To Guide

Esri Workshop
Lunch session
12:00-12:24
Tokyo Room (first floor)
