GLOBALTRUST

www.globaltrustgrp.com

GLOBALTRUST

GlobalTrust is an organisation dedicated to providing sustainability insights and independent intelligence to businesses, using the power of satellite technology.

We help organisations and governments to transition from self-disclosure of sustainability metrics to providing independent verification using space data.

THE FINANCE SECTOR

The finance sector is a cornerstone of the global economy.

It plays a vital role in economic growth, influencing investment strategies and financial stability.

DIVISIONS

- Banking and Credit Services
- Investment Service
- Insurance
- Real Estate
- Financial Market Infrastructure and Service

The financial sector includes all economic activity, and in 2021 estimated to be \$94Tn (World Bank, 2021)

The Challenge

- **Regulatory Evolution:** Adapting to dynamic global standards.
- **Data Intensity:** Ensuring accuracy and comprehensiveness.
- **Business Transformation:** Integrating ESG into core strategies.

SUSTAINABILITY PARADOX

The Opportunity

- **Risk Insight:** Enhanced understanding and management of ESG risks.
- **Investor Appeal:** Meeting the growing demand for responsible investment.
- **Market Leadership:** Pioneering sustainable finance for a competitive edge.

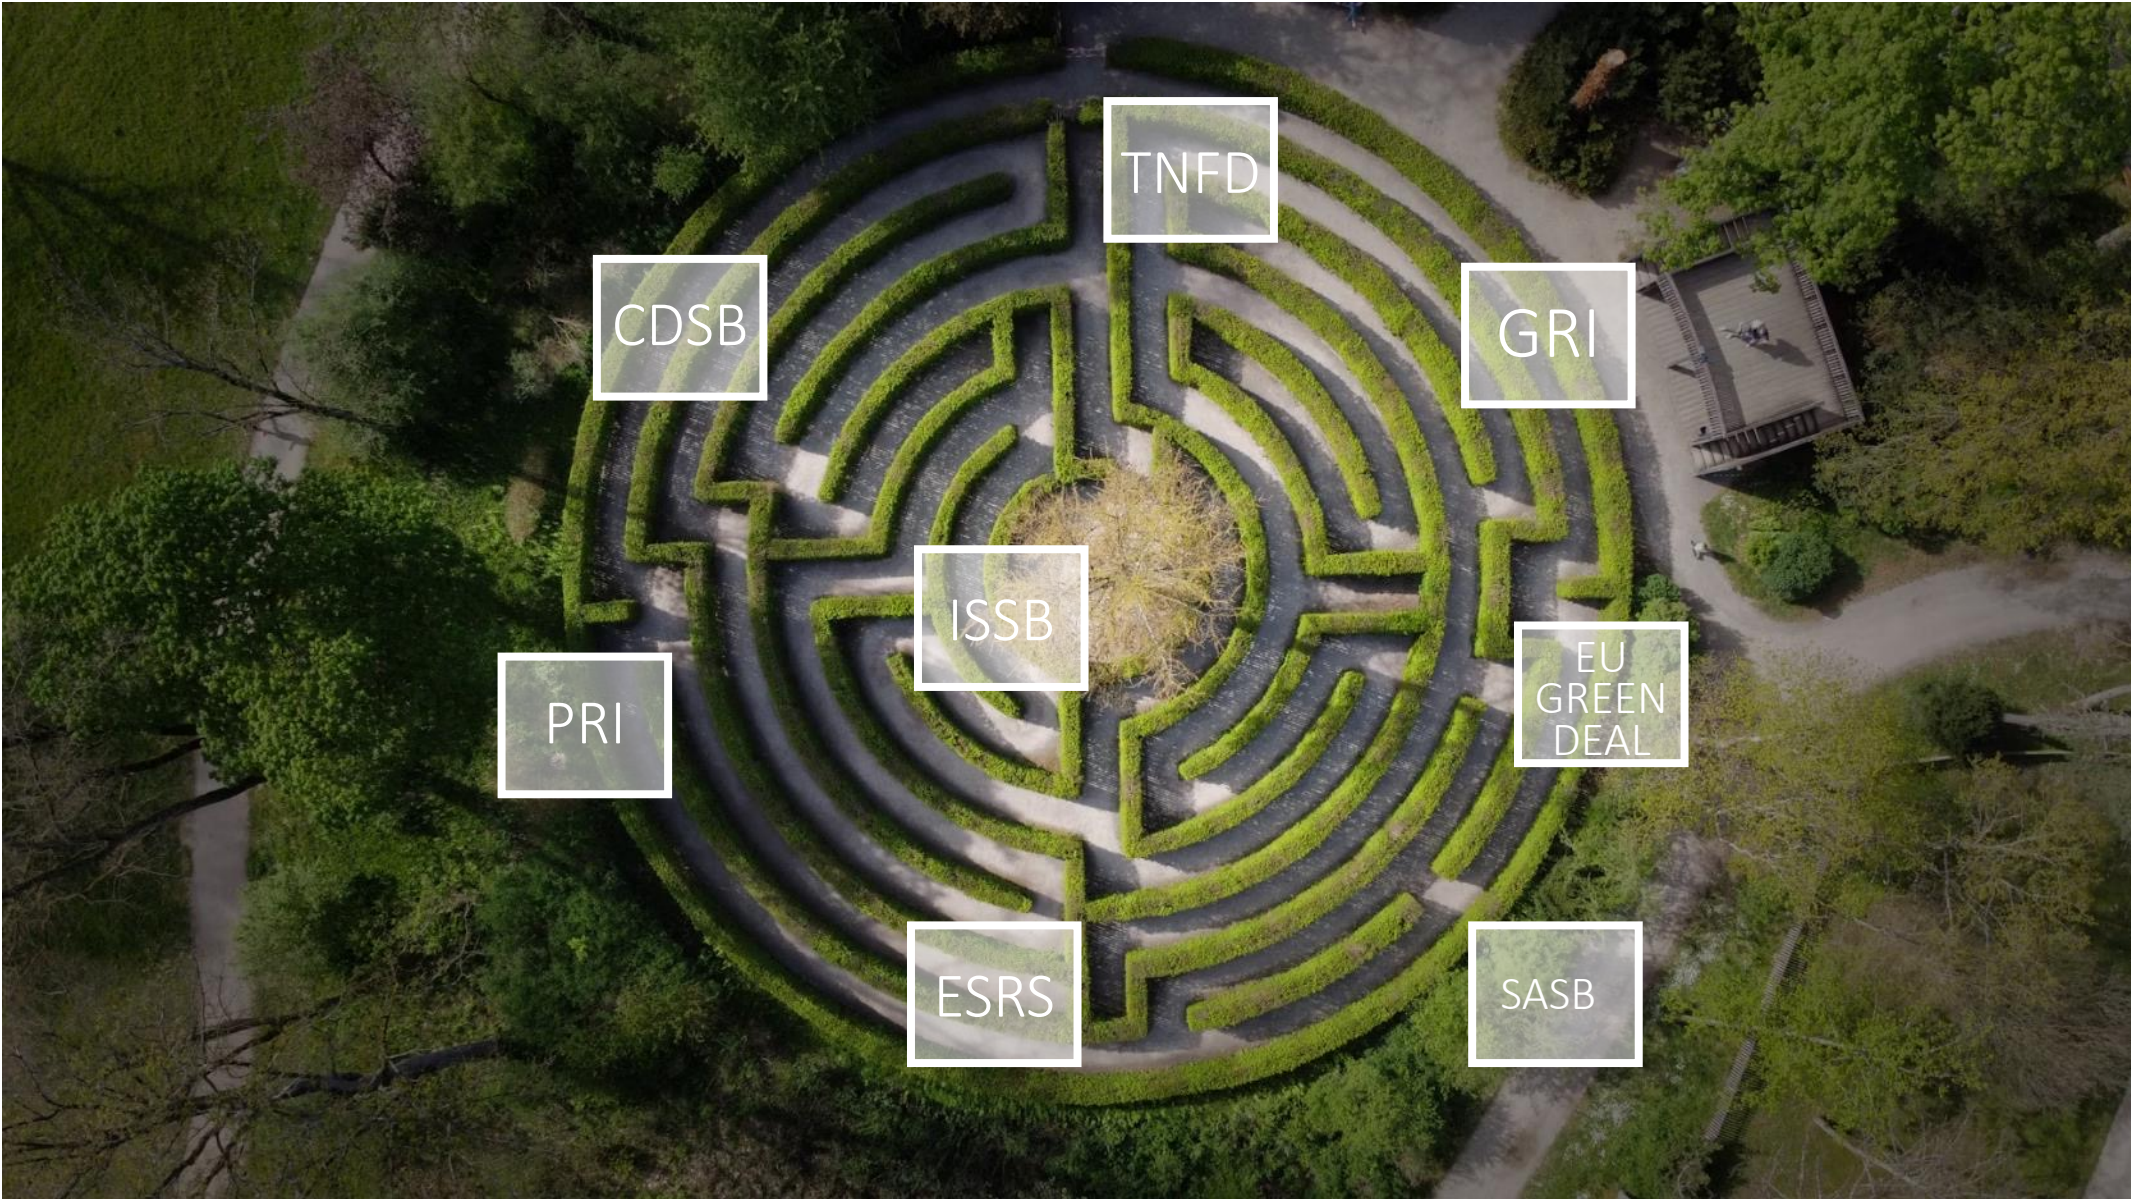

The Challenge

- **Regulatory Evolution:** The need to adapt to global standards, including the SFDR.
- **Data Intensity:** Big programme in improving its data collection and analysis capabilities.
- **Business Transformation:** integration of sustainability into its core strategy

HSBC EXAMPLE

The Opportunity

- **Risk Insight:** Predicting potential ESG financial impacts
- **Investor Appeal:** increasing its appeal to green investors (especially around bonds)
- **Market Leadership:** Gain multiple sustainable awards

GLOBALGUARD™

GlobalTrust's innovative sustainability monitoring service. It tracks, analyses and communicates the sustainability performance of clients' operations, suppliers or investment portfolios.

Scalable

Scientifically Robust

Straight-forward

Intuitive

FINAL THOUGHTS

- Focus on the challenge not the tech
- Complexity of the Financial sector
- Need for:
 - Transparency
 - Holistic data
 - Simplicity
 - Standardisation

THANK YOU
