Would be great to have Map Layer

OpenStreetMap, Free and Open (just like Wiki)

The screenshot shows the OpenStreetMap website in a browser window. The address bar displays `www.openstreetmap.org/edit?editor=id`. The page title is "OpenStreetMap". In the top right corner, the user "Charlie Loyd" is logged in, with links for "inbox" and "logout".

The main navigation bar includes "View", "Edit", "History", and "Export". Below this is a toolbar with buttons for "Point", "Line", "Area", "Undo", "Redo", and "Save". The "Line" button is currently selected.

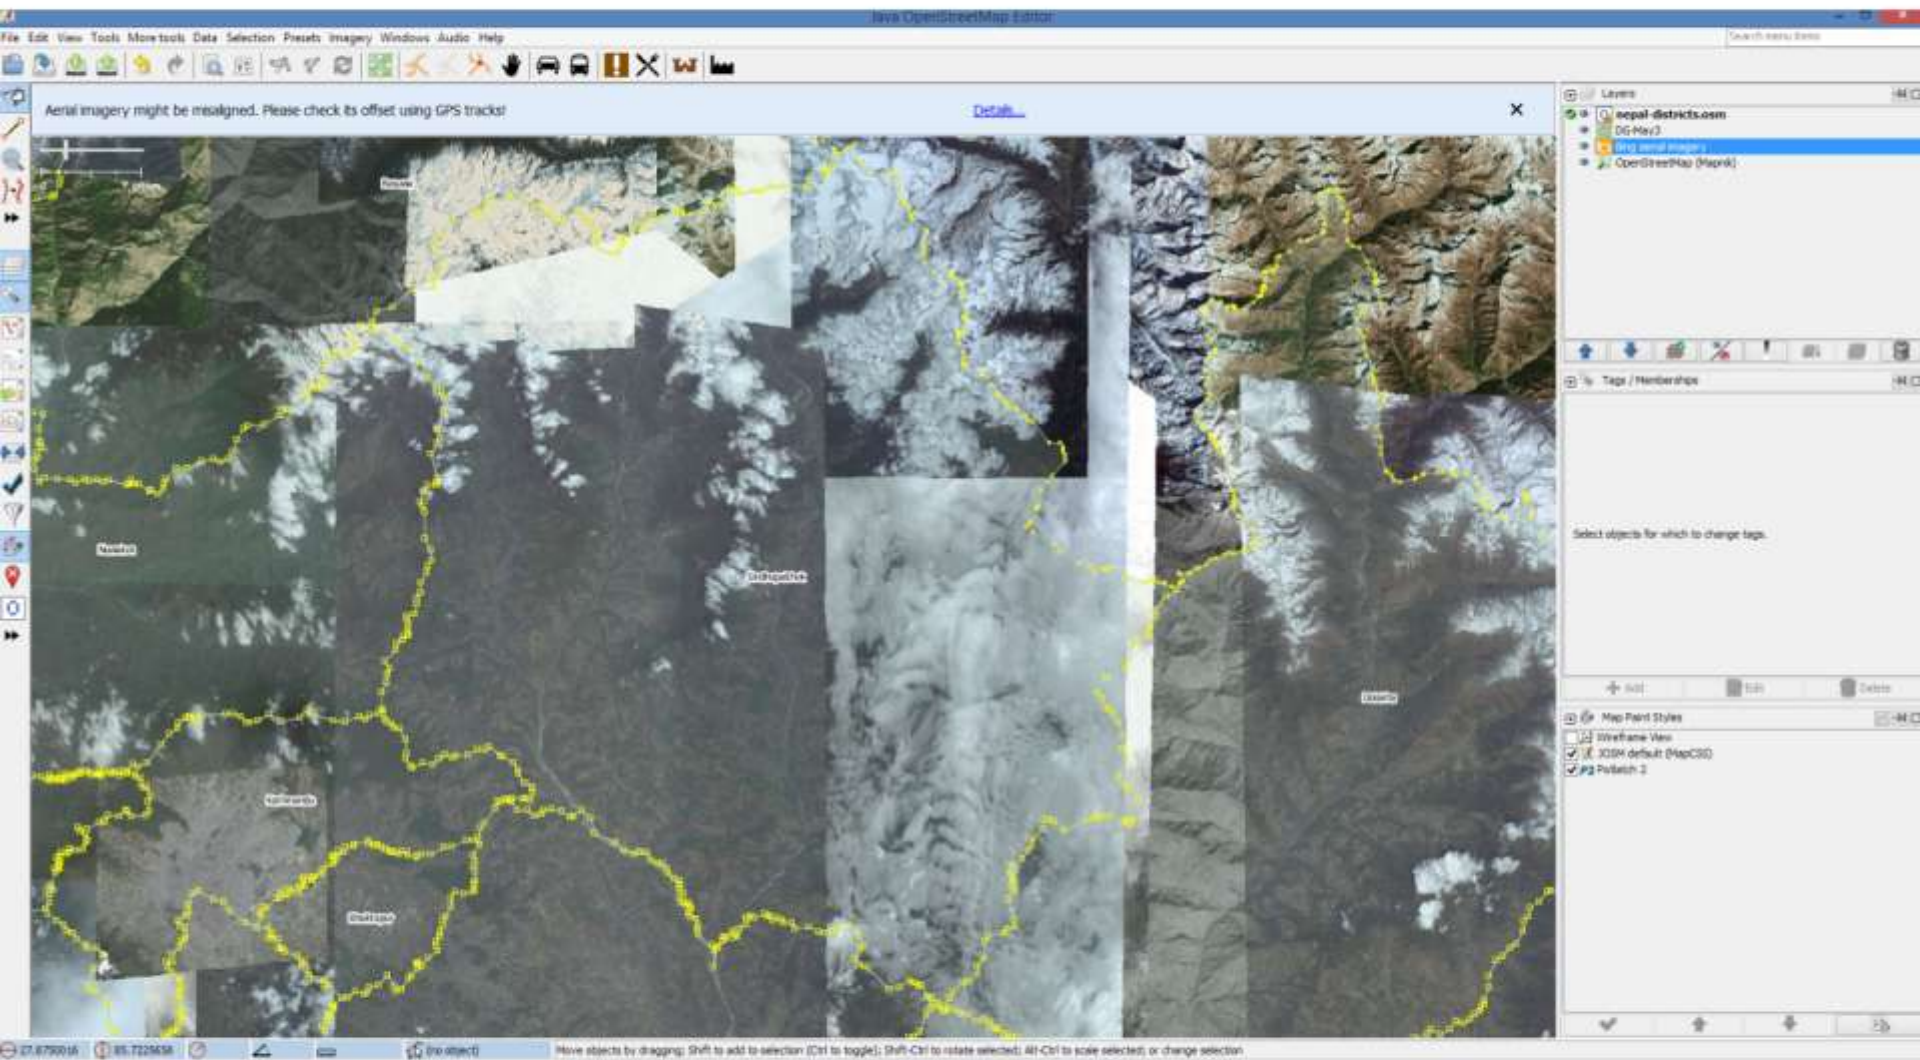

The central area is a satellite map with a blue line drawn across it, representing a path or boundary. On the left side of the map, there are vertical controls for zooming in (+) and out (-), and a home button.

On the left sidebar, there is a logo for "OpenStreetMap The Free Wiki World Map". Below the logo is a search bar containing the letter "b". Underneath the search bar, there are examples of search terms: "Almsaar", "Regent Street, Cambridge", "CB2 5AQ", and "post offices near Limer". A "Help" section follows, with links to "Help Centre", "Documentation", and "Copyright & License". Below that is a "Community" section with links to "Community Blogs", "Foundation", "User Diaries", and "GPS Traces".

At the bottom of the sidebar, there is a "State of the Map 2013" event announcement for "6-8 September Birmingham, UK" with a small dog icon. Below that is a "Make a Donation" button. At the very bottom of the sidebar, there is a note: "Hosting is supported by the UCL, VR Centre, Imperial College London and Bytemark Hosting, and other partners."

At the bottom right of the map, there is a small attribution: "Contributed by GPC, and 2 others" with a "report a bug" link and a version number "1.0.1".

高雄沙包的最新更新整備狀況 (歡迎跳坑更新最新沙包數量)

8/13 晚間七點與民政局同步確認數量.

8/13 晚間去電詢問了六龜區公所以及甲仙區公所並確認沙包數量. 而杉林區負責的古先生已經離職, 建議直接轉總機 0 詢問.

沙包數量也會更新於究平安平台

[為什麼不用 KML 圖層]
大家可以利用 Google Map Engine 之類的工具來建立 KML 圖層, 絕對沒問題! 但因為我們同時提供 究平安 geoBingAn App 給 NGO 與救災組
